ON THE POLICY OF THE PAPER

I take this from Aesop's Fables in Words of One Syllable by Mary Godolphin.

The Man, His Son and His Donkey

A man and his son drove their donkey to a fair to sell him. They had not gone far, when one of a group of girls, who stood round a well, said, with a laugh, "Look at those two fools—they let their donkey walk at his ease while they trudge on foot his side." The man heard this and set his son on the beast. They had not gone more than half a mile, when they came up to some old men. "There," said one of these, "that just proves what I say: Nowadays the young take no care of the old; see, that young man rides, while the old man to walk by his side. Get down and let your sire rest his limb." At this the man made his son jump off the Donkey that he might ride him. Thus they went on for a space, when they met three dames, "Why you old sloth," said one of them, "what a shame to sit at ease while that poor slight lad can scarse keep pace by the side of you!" The man then took his son on the croup of the donkey by his side, and so they rode until they got near the town. "Pray, good friend, "said a man who met them, "is that donkey your own?" "Why it seems to me more fit that you two should take him to the fair, then he should take you." "Well be it so," said the old man; "we can but try." So they got off, and made fast the legs of the donkey to a pole, which each took hold of one end, and so they went on their way till they came to a bridge. This was a rare sight, and so the boys and girls thought, for they ran in crowds to laugh at the farce, till the donkey—which took fright at the noises—gave a kick which broke the cords that bound him; so he fell in the stream, and sank. The old man then made the best of his way home, and said, "If we try to please all, we please none."

Ends Season

Starting out their 1948 season, the junior Varsity of M.B.A. appeared to have a fair line, a good backfield, and a good passing attack. Made up of freshmen and eighth graders (who comprised two-thirds of the team), Cooties loat five games, only one of which was a bad loss.

The first game of the season the Maroons met an experienced Du Pont eleven, big and fast, and would have gained a scoreless the but for 17-yeld line and family of the more of the first game of the maroon game M.B.A. fumbled on their own four yard line to this same DuPont team and again lost a chance for a scoreless tie.

At C.M.A. the J.V. met second and third string varsity players the whole first half and their fresh-man and sophomore team the sec-ond half. The varsity subs had built up too much of a lead, and the Middle Red lost 28-14.

Clarksville was the hardest game for the Cooties this season.

They had beaten Hopkinsville 83-7 the previous week and they downed M.B.A. 25-0. However an intercepted pass in the flat cost the Maroons seven points. The game was closer than the score indicated. With Moates and Riley driving inside the twenty yard line on successive end arounds, a penalty of fifteen yards was called against M.B.A. After Blackwood completed a pass to Moates on the twelve, the Wildeats held.

Personality of the Month

Bobby Bomar

One of the most popular and outstanding boys at M.B.A. is Senior Bobby Bomar. Although he has attended M.B.A. only since he was a sophomore, he has been outstanding in studies as well as athletic and student activities.

To start the ball rolling he went to Hillsboro where he was president of his homeroom and played varsity football. Then his Sophomore he came to our grand old school, M.B.A. He played varsity football and was always on the Honor Roll (smart boy). Then his junior year he really get to going. He was on he was not a support of the suppor To start the ball rolling he went

And so in conclusion to sum Bobby up. We think he is the model boy, student, sportsman and everything else rolled up in one big handsome boy. Good luck Bobby in everything you do.
